New Pilgrim Path Website of the Week.

Just 500 years or so after the death of Christ, the first monks arrived on Skellig Michael, an island 12km from Ireland's south west coast, lying at the very edge of the then known world. The monastery that they established in this inhospitable environment remains one of the most remarkable testaments to human faith on earth. The ancient history of Skellig Michael, its sacredness as a place, its influence on Christianity, and its breath-taking beauty are all explored through words and images on the featured website of the week at www.NewPilgrimPath.ie
